Qus. - 1

Ans. \Rightarrow The discovery of Ross led way to prevention and successful treatment of malaria. Apart from this it enabled the doctors and scientists to tackle other diseases by following the same line of attack. This makes the discovery glorious and memorable.

Qus. - 2

Ans. \Rightarrow Man does not live by bread alone. He needs someone whom he may love and who may love him. So although Jagannath was miser, he took Nitai to his house and looked after him.

Qus. - 8

Ans. \Rightarrow Colour of the cloth being worn in the night is white. It is white because the cloth is for a dead man's funeral shroud.

Introduction ⇒

The present age is popularly known as age of science. We have become so much accustomed to science and its useful made our life more comfortable, fast safe and prosperous.

man's Good friend ⇒

Science has in need. In need in hat summer it keeps our coverdore protect us from shivering cold in a wink of eye. In a wink of eye we can talk to a friend thousands of miles away on telephone. We send our message all over the world on telavix in no time.

Gifts of science ⇒

fast means of transport enable us to reach from Delhi to London in about ten hours today.

P

we have aircrafts that travel faster than sound. Thousands of copies of a book can be printed in a few hours. Today a modern farmer ploughs his field, sows it, reaps and threshes his corn in a short time. Computers have almost replaced clerks and accountants.

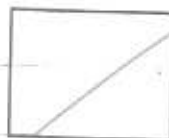

In the fields of medicine and surgery, science has enabled man to live longer. Epidemics like plague and smallpox have almost been eradicated. Operation are no more horrible with modern anaesthetics and advanced surgery techniques.

The Dark Side of Science \Rightarrow

Science

has given some by-products which are extremely harmful. Air noise and water is the biggest cause. It causes fatal diseases like cancer, asthma, heart
